

Graham Center Student Fellows Application

The Student Fellows act as ambassadors to the Graham Center, educating other students about the opportunities available at the Center and promoting its events. We also register voters around campus and host workshops on civic engagement and politics. Student Fellows receive special access to speakers and guests of the Graham Center. The Graham Center also provides us with tools and resources to start our own public service projects, such as voter registration drives. Finally, we do community service and have social gatherings for our members.

Meetings are every other week, usually on Tuesday because that is when many of the Graham Center events take place. Responsibilities would be showing up to these activities throughout the semester. While you don't have to come to all of them, we expect participation in most club activities.

We will also have a retreat for new members at Lake Wauburg—we will provide transportation. Please indicate in your application if you will be able to attend; your response will in no way impact your application. We just need to know the number of attendees to reserve our spot.

Applications for the Spring 2018 cycle are due at **11:59pm** on **Wednesday, January 24th**. Please email your completed application and resume to studentfellowsapps@gmail.com. If you are a freshman, a high school resume is satisfactory.

Name:

Year:

Major:

UF GPA (or high school GPA for freshmen):

Have you applied to the Student Fellows before:

If selected to be a Student Fellow, can you attend our retreat on February 17 from 11am-4pm:

Short Answer Questions: (please answer all questions in 300 words or less for each prompt)

1. Student Fellows value Public Service, Leadership, Engagement, and Citizenship. Tell us about a meaningful experience you participated in that incorporated one or more of these values.

2. Write about a problem that you believe the University of Florida, the city of Gainesville, the state of Florida, or the United States of America currently faces, and detail how you think students should begin to address it.

3. Describe a speech, TED talk, or public program that inspired you, and note what you took from the experience.

Please email this completed document, as well as your resume, to studentfellowsapps@gmail.com.
